

Our PPO and HMO Plans Are Awarded Senior Choice Gold Award!

We're honored to announce that several of our PPO and HMO plans recently received this year's Senior Choice Gold Award, presented by HealthMetrix Research Inc. for excellence in 2010 Medicare plan benefits.

About the award

HealthMetrix Research Inc., a national independent managed care research firm, presents the award annually to healthcare plans that provide Medicare beneficiaries with affordable copayments, deductibles, premiums and the lowest annual out-of-pocket costs, while still providing good value in their benefits. Our PPO and HMO plans (in select markets) form part of a group of only 35 Medicare plans nationally recognized with the award.

What it means to clients

The award is not simply an honor, but also demonstrates the value of our plans to Medicare beneficiaries in a very real way. It solidifies our presence and reputation as an organization that provides plans Medicare beneficiaries can depend on to help them save money while helping maintain their health.

"Medicare beneficiaries can rely on this award as an indication of excellence in quality of care, health outcomes and member satisfaction," said Alan Mittermaier, HealthMetrix Research and MedicareNewsWatch.com president.
